Education

K.C. College of Engineering & Management Studies **Aug 2023 – May 2027**
BE Information Technology — ***CGPA: 9.34*** *Thane, Maharashtra*

R.K.T College of Arts, Science & Commerce **July 2021 – February 2023**
HSC Science — ***Percentage: 77.50%*** *Ulhasnagar, Maharashtra*

Objective

I enjoy building technology that creates measurable impact—whether through intelligent AI systems, scalable web applications, or collaborative open-source contributions. With hands-on experience in full-stack development, machine learning, and team leadership, I aim to leverage technology to solve meaningful problems while continuously evolving as a software engineer.

Projects

PayNexus | Java Fullstack **2025**
- Built role-based Internal Management System using Spring Boot, React, MySQL, and JWT
- Implemented client management, GST invoice generation, and payment tracking
- Designed MIS dashboards with automated invoice-payment status synchronization

HerbVision AI | AI/ML **2026**
- Developed plant classification system using EfficientNetB0 with transfer learning
- Applied preprocessing (normalization, class balancing) and rule-based engine for personalized recommendations
- Integrated AI chatbot for plant guidance with environmental prediction

Internship

Sapphire Infocom **Aug 2025 – Nov 2025**
Web Developer *Mumbai, Maharashtra*

- Built smart agriculture web application for farm record-keeping and crop advisory support
- Developed Krishiveda — a MERN-based platform with activity tracking, analytics, and multilingual support
- Led team as Team Lead, coordinating full-stack development, API design, and UI planning

Technical Skills

Languages: Python, Java, JavaScript

Frameworks: React, Node.js, Express, Flutter, Angular, Spring Boot

Databases: MySQL, MongoDB, Supabase

AI/ML: Machine Learning, Data Preprocessing, Model Training, Model Evaluation

Development: API Integration, CRUD Operations, Responsive Web Design

Tools: Git, GitHub, VS Code, Google Colab, PyCharm, Android Studio, Docker, Jenkins

Certifications

- Java Programming
- MERN Stack Developer
- Machine Learning

Achievements

- Secured **2nd Rank** in an **AI-Driven Poster Competition** organized by **IIC & R&D Research Club**.
- Selected as an **Open Source Contributor** for **GirlScript Summer of Code (GSSoC) 2026**.
- Participated in **Aavishkar Inter-Collegiate Research Convention** (Zonal Round) and **Smart India Hackathon (SIH)**.
